#### EXPLANATORY NOTE

The following material has been copied and proofread at the source, and the typing compared with the copy, in an attempt to insure the utmost in accuracy. The original manuscripts have been followed literally as to spelling, and have otherwise been exactly reproduced within the mechanical limitations imposed by the typewriter.

The arbitrary sign  $\equiv$  has been employed to indicate two things:

1. Characters found in the originals which have no equivalent on the typewriter:
2. The terminations st, nd, rd, and th (as in 1st, 3rd, 5th, etc.) when these terminations are not clear in the originals.

Dear Sir:

I received your letters and fearing you would get out of patience not hearing from me I have unloosed you a few lines to excuse myself - as well as I can. I should have wrote sooner, but every week and all most every day since I received your first letter I have expected to have some money to send. I have now more than one thousand dollars due on notes against men that I suppose to be perfectly good but <sup>the</sup> scarcity of money and the dullness of there business prevents there paying for they are mostly boot makers which the times has bore hard upon them. they give me encourage ment every week of getting some for there boot. I think now  $\lambda$  that the time will soon come when I shall send you some, money is verrey scarce here and hard to be got were it not I would borrow it for you.

Reading Sept. 14 1813

Sir

I take the liberty to write a few lines informing you  
that the history of England is published and the books are  
now ready to be delivered to subscribers, you had the  
goodness to patronize the work I deem it my duty to send  
you a apology for the unexpected delay in publishing said  
work but not to be compared with the injury to the cause  
of an elective Government in admitting so much scurrility  
against our own Government in the summary of recent events  
I have however endeavored to remedy that evil as far as it  
is my power to do by having a number of sets bound up with-  
out the summary of events the original price of the 2 volumes  
was 16 - those without the summary are 13 - if you will  
have the goodness to inform me which price you should prefer  
and name any place in Boston most convenient for you to  
receive them I should deem it a favour the history as written  
by the English author is brought down to 1812 the addition  
to 1813 - please to send me a line on the subject by next  
mail - I also take the liberty to send you a proposal for a  
new work which is nearly compiled I will engage that there  
shall no sentiment be admitted that will injure the feelings  
of any person as a statement of fact is only admitted --

3 August 30, 1819

I Ira Draper of East Sudbury in the County of Middlesex Esq<sup>r</sup>  
being of lawful age do testify and say that on the 23<sup>d</sup> of this  
instant being at Waltham in s<sup>d</sup> County at the Shop of M<sup>r</sup>. Peter  
Warren then heard I<sup>r</sup>a Draper Jun<sup>r</sup>. ask s<sup>d</sup>. Warren why he did not

answer was, that he had paid for the wood as much as it was  
worth, and a dollar more; s<sup>d</sup>. Draper then asked s<sup>d</sup>. Warren whether  
he did not agree to give him fifty cents p<sup>r</sup> foot for a load of  
wood that should be equally good as a load of wood that he  
ex<sup>d</sup>ise- rec<sup>d</sup>. a few days before, Said Warren answered that he  
did agree to <sup>pay</sup> fifty cents p<sup>r</sup> foot for a load equally as good  
& further said that it was not as good, & that he had paid for  
it and had paid more than it was worth & had got the lads receipt. -

I further say that I often passed by the pile of wood before  
either of the loads of wood were taken from it and could not see  
any material difference in the quality of the wood in any part

Jacob Reeves Esq. Sir I rec<sup>d</sup> your letter of Decem<sup>r</sup>  
21<sup>st</sup> informing me that my uncle Elihu has not spoken  
to you about the note you have of mine you  
as so good as to call on my uncle for the  
the note and if he can make it even  
venient to pay the money over to you I should  
be glad of it as to the interest I should think that the  
note ought to run interest from a ril 1816 till the time  
of payment however I am not disposed to contend with him  
on the subject but I am willing to leave it to his generosity  
I have no wish to have my uncle pressed out I am in want  
of money if you should receive the money of my uncle  
after you have taken care for your trouble and postage of  
letters you will please to pay the money over to Eliza  
Verett Childs & Co Merchants No 1 Central Street and take  
an order on them for either payment at Hanover and  
inclose it <sup>in</sup> a letter to me, and you will oblige

1 Affidavit

Justice of the Peace. Re: The said affidavit

3 November 30, 1833

I John Webb, of Salem, in the County of Essex, A State of  
Massachusetts - On Solemn Oath declare -

That in the year 1819 to the best of my recollection,  
the wife of Ebenezer Leher, gave me an order on her Wheeler of  
Salem to take "some goods to the amount of six or  
eight dollars - which goods I received and afterwards I paid  
said Wheeler for said goods, when I settled with Wheeler I  
asked him for the order - Wheeler said it was of no consequence,  
it was all ordered out and he never should ask for it again,  
it is all paid - I never saw the order from <sup>Mr</sup> Leher -  
I likewise had one or two boxes of buttons of Wheeler at  
fifty Cents a dozen & I paid <sup>him</sup> for them -

I hereby certify, all that it may concern, that John Webb,  
at the time he subscribed and made oath to the annexed  
affidavit, appeared to me to be perfectly sensible and  
and had been sensible for a sometime; indeed I never heard  
of his being otherwise

While he was in the poor house in Salem, for the last time.-

A short time before he made the annexed affidavit, - he  
was received into the Tabernacle Church in Salem, and was  
visited by the pastor & several members of the Church and they  
reported to the Church that he appeared to them to be a true  
Christian, and I have no doubt but he testified what he believed  
to be the truth & nothing but the truth - If requested I am  
willing to verify this by an oath.

To the Church of Christ and the pastoral care of the Rev<sup>d</sup>

Brethren You are Aware that for a considerable time past  
a Number in this Church have been desirous to enjoy more  
fully the Ministration of the great truths of the Gospel  
and the Means of Our edification and growth in Grace, For a  
time we indulged a hope that our desires in this respect,  
would be gratified without the painfull Necessity of leaving  
the place where we have so long worshiped, and of separating  
from those with whom we have gone up to the House of God in  
Company, But being disappointed in this hope, And having no  
prospect at present of any change in the particulars above  
mentioned, and having spread our cause before the Lord and  
seriously And prayerfully considered the whole Subject we  
do Now ask dismissal from this Church for the purpose of  
forming Our selves into a separate Church of Christ, Be As-  
sured that in doing this we are influenced by No hostile  
feeling toward You, or the Pastor of this Church. In its  
self - considered a separation is a painfull Act, And we  
Sincerely regret the Necessity for it, could we have from  
Sabbath to Sabbath uninterruptedly the plain preaching of the

Gospel Agreeable to the creed exhibited by our Pastor at his Ordination, and be indulged with orational meetings for religious improvement, we should rejoice to remain in this Church, But when we come up to the house of God, with a desire to be fed with the sincere milk of the word that we may grow thereby, we are often grieved and pained. And such is our view of the importance of divine truth in its bearing and influence upon the welfare of men temporal and eternal that we are constrained by a sense of duty to make this above request for a dismission for the purpose named, we desire this communication may be laid before the Church on the next Sabbath - with the prayers that the time may soon come when we shall all come be united in the same faith, in the same bonds of peace and righteousness. And when all the Church and Congregation shall enjoy the constant and uninterrupted ministrations of divine truth, And when the truth shall come unto you not in word only but also in power and in the Holy Ghost and in such Assurance we subscribe our selves your friends in Christ -

Uncle Reeves

Dear Sir

Our dedication & Frocession will take place on  
Thursday next (Providence permitting) should be happy to see  
you or any of our Friends, shall expect some of your family -  
should the weather be good - I can readily suppose you will  
not take a deep interest in the settlement of an Orthodox  
Minister, You & I agree in so many things, respecting Religion  
a point  
I feel sorry we disagree in so important however that does not  
alter my feeling with regard to the loved intercourse which has  
ever been kept up as yet & I hope always may - I acknowledge I  
look to  
had ought to you & others who have lived many years longer than  
I, for advice in important things, but in religion I cannot  
lean on an arm of flesh, I must look to him who is able to make  
us wise unto salvation, I believe the scriptures contain a per-  
fect order of truth & practice although after reading I fail  
in both, I will agree with you, When you show me your rule of  
faith by the bible, I do not mean to infer from this you do not  
believe the bible, but you substitute something which I think  
the bible does not contain.

Excuse me for I had no idea when I began to write of  
saying any thing of this nature

West Boylston. June 12th 1834

Mr. Reeves,

Dear Sir, Understanding that your venerable Pastor, Mr. White is about to leave you, I have felt it my duty to say to you, that I know of a gentleman, a Unitarian minister, in this neighbourhood, who I think could be obtained as a Pastor for your Society. The Gentleman to whom I refer is a man of good learning, popular talents, active habits, - a ready speaker and writer, - takes great interest in Sabbath Schools and Bible Classes, - is well acquainted with human nature, He has been a teacher in a High School and is deeply interested in the welfare of the young. He is a man of some property, and should he go to Andover would probably purchase Mr. White's place, if he would sell it. - He can have the most cordial recommendation from the Ministering brethren in this vicinity. - He would visit you, either as a candidate or a supply almost any time that you might desire.

Knowing something of the state of your affairs, I do not think a preacher can be found who would be more likely to build up and enliven your Church and Society, than the gentleman of whom I have spoken.

You may make what use you may think best of this; and should you desire to know more of the matter I will hold myself in readiness to contribute any aid which may be in my power.

Yours Respectfully

Jacob Reeves.

3 February 19, 1837

Waltham Feb 19<sup>th</sup> 1837

Respected Sir.

The last time I received any money from you, you said that I had better not take up any more I did not then intend to but I feel as though it was necessary we should have some and it is a duty I owe my Husband to get it for him. He has been sick most of the time this winter and is now unable to go out, it is very hard times now with every one, money is very scarce and those that have it need it now if they ever do, if my Husband had not been sick we should not have wanted it for as long as he can work he will for he is both prudent and industrious and will not own that he is sick till the last minute he will not be able to do much before warm weather and work which he engaged to do last month he will have to get some one else to do which makes him very low spirited for fear he shall get into debt which if he should would soon worry him to the grave which while it is in my power to make him happy I feel should he be taken from me I should never forgive myself for not doing it. He is to me a kind, affectionate friend he is all that I have in this world to live for and while he lives and I live it shall be my

May 69

study to promote his welfare and happiness, perhaps you may think we can do without it but I do not see how his sickness has cost a great deal then there is our provision which you know is very high and wood to buy and house rent to pay all this going out and nothing coming in is very discouraging but we have made out to live so far without getting behind hand and if you will get fifty dollars for me you will oblige us very much had I not ought to have it, would you not wish either of your Children to do the same that I have, I have promised him he should have it and if his mind is relieved he will get along faster I should like it by the first of <sup>March</sup> if it is possible

Sir

Again I take my pen to while sitting by the bed of my poor sick husband since he received your letter his life has not been expected Friday night his Mother, Sisters and a Brother were assembled round the bed death bed of our beloved Otis as we thought three doctors with him the neighbors could not rest for his groans that night he took five hundred drops of Laudanum before he could obtain any relief about four o'clock in the morning he began to grow easy since that he has taken three hundred drops, more the Doctor says if he is kept perfectly quiet he may get over it but it will be a great while first but it is impossible to keep him quiet for his language is Jane I shall be in I owe all the doctors his friends have offered to let him have some but his answer is I shall then be in debt when he was taken sick this winter the last fifty dollars we took up was in the bank but we have been obliged to take it out and it is now very necessary we should have some if it is not more \$5 dollars if he should get well and able to work. I will not trouble you any more till such time as you see fit to let us have it if he should die I will trouble you no more - but do I entreat of you do relieve him, I cannot say any more for he has waken up

Waltham Sept 27<sup>th</sup> 1837

Sir,

as it is now two months since you wrote to Mr Sibley it  
to me  
seems, as though he ought to have sent you the money before  
this time, for a man of his property might raise twice that  
in  
sum, that time, it is very necessary that I should have it very  
soon, for my health is very poor and my Husband cannot leave  
me at present he might have gone to New York this month if we  
had  
had the money this month so he could have settled up here and  
left me with things for my comfort to be sick but it is too  
late now for he has lost that chance as his Uncle could wait  
no longer for him but there is one more place he can have work  
he  
next week if gets the money this week so that he can go if not  
he probably will not have work this winter for he must not leave  
me now unless he does get it it would be cruel for me to lose my  
shall  
only friend at a time when I need friends more than ever and  
open  
have the means to keep him with me but cannot get them if  
it is a possible thing I wish you would send it this week for  
now is the time that I need it and must have some things which  
I cannot get without it I cannot write any more for I am very  
nervous now

Sir

as the time has elapsed that we were to receive the money  
or a note from you and we do not hear any thing from you  
we begin to think it is time for us to say that our rent,  
provision, and wood must be paid for and ought to have  
been this week <sup>you told</sup> my husband that if you did not get the  
money in fortnight you would give him your note he told  
Mr Plympton and others and as you promised him he promised  
them and they begin to be very impatient Mr C(illegible) where  
there is not a man in Waltham but would take your note for  
six months or longer and if consider the money safe why should  
you be so loath to give your note, another month has almost  
gone since and I cannot live upon hope much longer it is hard  
it is cruel that I do not have what belongs to me by the wish  
of a friend who had she lived would never waited till I  
suffered for it before I had it another but my strength fails  
very fast and cannot write much more but if the baker does  
not fetch money or a note tomorrow the least I can do is to  
make my will so that my husband can be sure of it - for as it

Wey-64

is for me he is in debt so through my means if I live or die he shall have enough to get out of debt, but we shall make no more promises to pay after this month and if I suffer when I am sick it will not be my husbands fault for I will not consent to have Doctor or Nurse till I have that money because it is mine and I ought to have it and if you cannot get it I shall think very hard if you do not us a note tomorrow
